

## REACH Signing Day

During the fall of the school year, **REACH Georgia** is given statewide recognition through press releases, social media and occasionally live media coverage as new scholars are inducted into the program. During this weeklong event, the REACH Georgia staff will travel the state to welcome new students to the REACH Scholarship program by attending as many REACH signing ceremonies as possible.

During the REACH signing ceremony, students and their families commit to satisfying the program requirements, graduating from high school, and enrolling and completing college. They sign contracts during this ceremonial occasion agreeing to uphold program requirements much like athletic signing day ceremonies. Additionally, the REACH Signing Day ceremony held at your school is the perfect opportunity to engage community stakeholders and supporters. Consider inviting your elected officials, local Chamber of Commerce representatives, potential donors, your local Technical and USG College, your scholar selection committee, mentors, etc. to share in welcoming our future college graduates, Georgia workforce and community leaders to REACH Georgia!

While REACH signing ceremonies vary from system to system, below is a sample agenda that can serve as a general guide for your event. We look forward to supporting your school system during this event and welcoming your next cohort of scholars.
